

# THE TRUTH ABOUT GERD

Do you experience heartburn often?

**2 in 5**

Americans  
have had GERD  
symptoms

**1 in 3** have  
had symptoms in  
the past week

Testing can help personalize treatment  
by providing an accurate diagnosis

**pH testing** can tell us how much  
acid is coming into your esophagus

An **endoscopy** helps to visualize  
the inside lining of your esophagus

GERD is the **#1** diagnosed GI condition  
in the U.S.

**1 in 2** people taking  
PPIs still have GERD symptoms

**5-8%** of adults with GERD  
symptoms in the U.S. have  
**Barrett's esophagus**
